

Statement on compliance to RoHS, WEEE, IMDS

This statement concerns multiwall sheet products from Arla Plast sro and covers our extruded sheets out of Polycarbonate (PC):

MULTICLEAR® range.

RoHS

We confirm that all our sheet products comply with the European Directive 2011/65/EU and Commission Delegated Directive (EU) 2015/863 amending Annex II to Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 3). The following substances or compounds containing these substances are not contained nor intentionally added:

Lead (Pb)	(threshold 0.1%)
Mercury (Hg)	(threshold 0.1%)
Cadmium (Cd)	(threshold 0.01%)
Hexavalent chromium (Cr(VI))	(threshold 0.1%)
Polybrominated biphenyls PBB	(threshold 0.1%)
Polybrominated diphenyl ethers PBDE	(threshold 0.1%)
Bis(2-ethylhexyl) phthalate (DEHP)	(threshold 0.1%)
Butyl benzyl phthalate (BBP)	(threshold 0.1%)
Dibutyl phthalate (DBP)	(threshold 0.1%)
Diisobutyl phthalate (DIBP)	(threshold 0.1%)

The presence of trace amounts far below the limits of above substances cannot be excluded.

WEEE

Our sheet products also comply with the European directive 2012/19/EU on waste electrical and electronic equipment (WEEE). They do not contain mercury, polychlorinated biphenyls and polychlorinated terphenyls (PCB/PCT), regulated brominated flame retardants, asbestos, chlorofluorocarbons (CFC), hydrochlorofluorocarbons (HCFC), hydrofluorocarbons (HFC), hydrocarbons (HC), ceramic fibers or radioactive substances.

The presence of trace amounts far below the limits of above substances cannot be excluded.

IMDS

The IMDS (International Material Data System) is the automobile industry's material data system, created to register automotive parts and polymeric materials. New entries can be requested online at www.arlaplast.com

According to §15 in the MSDS for the respective resins, no labelling is required for sheets extruded out of polymeric resins.

In incoming resins small residues of monomers can be present, which can be released at higher temperatures. Following chemicals are reported in the information from the resin suppliers:

PC: Phenol

(*) declarable substances in automobile manufacturing according to the International Material Data System www.mdsystem.com.

Arla Plast sro management system is certified to ISO 9001:2015, ISO 14001:2015 and OHSAS 18001: 2007
